INDEPENDENT AUDITORS' REPORT

Board of Education
Lone Jack C-6 School District
Lone Jack, Missouri

We have audited the accompanying financial statements of the governmental activities and each major fund of the Lone Jack C-6 School District as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note A, the Lone Jack C-6 School District prepares its financial statements on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities and each major fund of Lone Jack C-6 School District as of June 30, 2010, and the respective changes in modified cash basis financial position thereof for the year then ended, in conformity with the basis of accounting described in Note A.

Board of Education
Lone Jack C-6 School District
Lone Jack, Missouri

In accordance with *Government Auditing Standards*, we have also issued our report dated October 14, 2010, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and the budgetary comparison schedules are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lone Jack C-6 School District's basic financial statements. The data contained under Other Financial Information, although not considered necessary for a fair presentation of the basic financial statements, is presented for purposes of additional analysis. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, this data is fairly stated in all material respects in relation to the basic financial statements taken as a whole on the basis of accounting described in Note A.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**LONE JACK C-6 SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2010**

Our discussion and analysis of Lone Jack C-6 School District's financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2010, within the limitations of the District's modified cash basis of accounting. Please read it in conjunction with the District's financial statements that begin on page 16.

FINANCIAL HIGHLIGHTS

- Passage of the \$.67 levy in April of 2009 was the most influential financial development of the year for the District. This passage generated approximately \$270,000 dollars of funding for the District; and in fact, given the short-fall in state education funding, allowed the District to complete the budget in the black by \$41,000 dollars.
- Completion of the bond issue project (elementary school addition of library & office space) resulted in the District's increased use of the Capital Projects Fund.
- Decreases in state funding had great influence on the administration of the 2009-2010 budget. The decrease in state support for such programs as transportation and Parents As Teachers resulted in greater local expenditure to keep these functions intact.

USING THIS ANNUAL REPORT

This annual report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34 as applicable to the District's modified cash basis of accounting.

Report Components

Government-Wide Financial Statements: The Statement of Net Assets and the Statement of Activities provide information about the activities of the District as a whole, and present a longer-term view of the District's finances.

Fund Financial Statements: The fund financial statements focus on the individual parts of the District's operations in more detail than the government-wide statements by providing information about the District's funds. These statements tell how the services were financed in the short term as well as what remains for future spending.

Notes to the Financial Statements: The notes to the financial statements are an integral part of the government-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

Required Supplementary Information: The Management's Discussion and Analysis and the budgetary comparison schedules represent financial information required by GASB to be presented. Such information provides users of this report with additional data that supplements the government-wide statements, fund financial statements, and notes (referred to as "the basic financial statements").

Other Financial Information: This part of the annual report includes optional financial information, which includes the Schedule of Receipts by Source and the Schedule of Disbursements by Object as well as schedules and reports required by the state and federal governments. This other financial information is provided to address certain needs of various users of the District's annual report.

Basis of Accounting

The District has elected to present its financial statements on the modified cash basis of accounting. The modified cash basis of accounting is a basis of accounting other than accounting principles generally accepted in the United States of America. Basis of accounting is a reference to *when* financial events are recorded, such as the timing for recognizing receipts, disbursements, and their related assets and liabilities. Under the modified cash basis of accounting, receipts and disbursements and the related assets are recorded when they result from cash transactions. The modification to the cash basis of accounting relates to the presentation of investments.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue billed or services provided yet not collected) and liabilities and their related expenditures (such as accounts payable and expenses for goods and services received but not yet paid, and accrued expenses and liabilities) *are not recorded* in these financial statements. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the modified cash basis of accounting.

Government-Wide Statement of Net Assets and the Statement of Activities

Our financial analysis of the District as a whole begins on page 9. The government-wide financial statements are presented on pages 16-17. One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about the District as a whole and about its activities in a way that helps answer this question. These statements include all of the District's assets resulting from the use of the modified cash basis of accounting.

The statements report the District's net assets and changes in them. Over time, increases and decreases in the District's net assets are one indicator of whether its financial health is improving or deteriorating. However, the reader will need to consider other non-financial factors, such as changes in the District's tax base, attendance, and the condition of the District's facilities, to assess the overall health of the District.

The Statement of Activities is presented by its governmental functions, which includes instruction, student services, instructional staff support, building administration, general administration, operation of plant, transportation, food service, community services, facilities acquisition and construction, and debt service. The Statement of Activities shows the net cost of these functions before considering the general receipts of the District.

Fund Financial Statements

Our analysis of the District's funds begins on page 11. The fund financial statements begin on page 19 and provide detailed information about the District's funds. These funds are required to be established by state law and by bond covenants. The fund financial statements help the reader to determine whether there are more or fewer financial resources that can be spent in the near future for District programs.

General Fund: Accounts for all resources except those required to be accounted for in the Special Revenue, Debt Service, or Capital Projects Funds.

Special Revenue Fund: Accounts for disbursements for certified employees involved in administration and instruction, and includes receipts restricted by the State for the payment of teacher salaries and taxes allocated to this fund based on the District's tax levy.

Debt Service Fund: Accounts for receipts designated for the retirement of principal and interest on the District's general obligation bonds.

Capital Projects Fund: Accounts for taxes and other receipts designated for acquisition or construction of major capital assets and other capital outlay as defined by State of Missouri statutes.

FINANCIAL ANALYSIS OF THE ENTITY AS A WHOLE

The District's Net Assets, resulting from cash transactions, increased by \$178,972 between fiscal years 2009 and 2010.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2010

Overall receipts increased by \$2,198,180 and disbursements decreased by \$249,658. The total cost of all programs and services was \$7,872,093. The majority of District disbursements were related to instruction, student services, and instructional staff support (48%). Administration accounted for 7% of total costs. The remaining disbursements were for plant and maintenance (7%), transportation (3%), food service (3%), community services (2%), facilities acquisition and construction (20%), and debt service (10%).

To aid in understanding the Statement of Activities, some additional explanation is given. Of particular interest is the format that is significantly different from a typical Statement of Receipts, Disbursements and Changes in Fund Balances – Modified Cash Basis. You will notice that disbursements are listed in the first column, with receipts from that particular activity reported to the right. The result is a Net (Disbursements)/Receipts. This type of format highlights the relative financial burden each of the functions places on the District's taxpayers. It also identifies how much each function draws from the general receipts, or if it is self-financing through fees and grants. All other governmental receipts are reported as general. It is important to note that all taxes are classified as general receipts, even if restricted for a specific purpose.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

- During the 2009-2010 budget year, the District spent \$1,841,046 out of Fund 4 for capital improvements. This was done in large part to complete the construction of the elementary school library and offices. In completing this project, the District will now stream funds through the debt service fund, rather than capital projects fund.
- The levy increase of \$.67, which was passed during April of fiscal year 2008-2009, continues to supplement the District's operating fund and thus helps to offset the decreases in state level funding.
- The Debt Service Fund functioned appropriately in reducing debt. As stated before, this fund will see an increased role in the coming years as the District works to retire bond debt. The District has taken an aggressive position in regards to debt retirement and will continue these efforts in the 2010-2011 budget year.

| TOTAL DISBURSEMENTS | \$ 2,032,931 | \$ 2,066,416 | \$ 2,021,072 |

Receipts

The original District budget had total receipts of \$2,786,753 and actual receipts were \$2,841,042, which was a difference of \$54,289.

The District's original estimates for county receipts were less than were received due to the tax levy increase that was approved by the voters after the original budget had been approved. The original estimates for state revenues were more than was received due to a decrease in sales tax revenues and state funding revenue.

Disbursements

The original District budget had total disbursements of \$2,032,931 and actual disbursements were \$2,021,072, which was a difference of \$11,859.

The budget was amended by the board of education to reflect all budget overruns.

DEBT ADMINISTRATION

Long-Term Debt – Modified Cash Basis

The District uses the modified cash basis of accounting, which recognizes disbursements when paid in cash and receipts when collected in cash. Therefore, long-term debt of the District is not reflected in the financial statements. The following is a summary of long-term debt of the District as of June 30, 2010 and 2009.

| | June 30, | |
|--------------------------|---------------------|---------------------|
| | 2010 | 2009 |
| LONG-TERM DEBT | | |
| General Obligation Bonds | \$ 6,325,000 | \$ 4,950,000 |
| Capital Lease Payable | 90,000 | 130,000 |
| DNR Energy Loan | 18,309 | 36,523 |
| TOTAL LONG-TERM DEBT | <u>\$ 6,433,309</u> | <u>\$ 5,116,523</u> |

ECONOMIC FACTORS AND NEXT YEAR’S BUDGET

At the time these financial statements were prepared and audited, the District was aware of circumstances that could affect its future financial health:

- The recession in the economy of the state of Missouri has had a slowing effect on the addition of housing in the Lone Jack C-6 School District. However, the district has enrolled new students for the 2010-2011 school year. Many of these new students qualify for free or reduced price lunch and, in fact, the District’s percentage of population in that sub-group has doubled from 10% to 20%.
- State funding of local school districts is down substantially for the 2010-2011 school year. The deepest cuts thus far have been to student transportation and the Parents As Teachers program, yet both are required of all schools. As a result of the decreases to funding, the Lone Jack C-6 School District has cut one full-time teaching position and two full-time aide positions. Teachers and staff at the District did not receive raises for the 2010-2011 contract year.
- The District anticipates that state level funding will decrease throughout the 2010-2011 budget year, although it expects to see minor increases in funding to address the increase in students who qualify for special education or for free or reduced priced lunch.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, parents, participants, investors, and creditors with a general overview of the District's finances, and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Superintendent of Schools, Dr. Bill Redinger, at Lone Jack C-6 School District, 201 W. Lone Jack-Lee's Summit Road, Lone Jack, Missouri 64070. The Superintendent may be reached by calling (816) 697-3539, or by email at bredinger@lonejackc6.net.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The District's accounting policies conform to the modified cash basis of accounting, which is characteristic of local governmental units of this type.

Financial Reporting Entity

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. Financially accountable means the primary government is accountable for the component unit and the primary government is able to impose its will or the component unit may provide financial benefits or impose a burden on the primary government. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The District is a primary government, which is governed by an elected seven-member board. As required by accounting principles generally accepted in the United States of America, the District has evaluated the above criteria to determine whether any other entity meets the definition of a component unit and must be included in these financial statements. The District has determined that no other outside entity meets the above criteria and therefore, no other entity has been included as a component unit in the District's financial statements. In addition, the District is not aware of any entity for which the District would be considered as a component unit of that entity.

Basis of Presentation

Government-Wide Financial Statements

The Statement of Net Assets and Statement of Activities display information about the reporting government as a whole. The statements present governmental activities generally financed through taxes, intergovernmental receipts, and other non-exchange transactions. The program Cash Receipts presented in the Statement of Activities include:

- Charges for Services – food service charges, tuition, fines and student activities
- Operation and Capital Grants and Contributions – donations, State and Federal grants

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, fund equity, receipts, and disbursements. The District has governmental funds only. The governmental funds of the District are all considered major funds by the Department of Elementary and Secondary Education.

The funds presented in the accompanying basic financial statements include all funds established under Missouri Revised Statutes and controlled by the Board of Education. The purpose of each fund is:

General Fund - Accounts for disbursements for non-certified employees, school transportation costs, operation of plant, fringe benefits, student body activities, community services, the food service program, and any disbursements not required or permitted to be accounted for in other funds.

Special Revenue Fund - Accounts for disbursements for certified employees involved in administration and instruction, and includes receipts restricted by the State for the payment of teacher salaries and taxes allocated to this fund based on the District's tax levy.

Debt Service Fund - Accounts for receipts designated for the retirement of principal and interest on the District's long-term debt.

Capital Projects Fund - Accounts for taxes and other receipts designated for acquisition or construction of major capital assets and other capital outlay as defined by State of Missouri statutes.

Basis of Accounting

The government-wide Statement of Net Assets, Statement of Activities, and the fund financial statements are presented using the modified cash basis of accounting. This basis recognizes assets, net assets/fund equity, receipts, and disbursements when they result from cash transactions. The modification of the cash basis of accounting relates to the presentation of investments. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenditures (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) *are not recorded* in these financial statements.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

If the District utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

Capital Outlay

General fixed assets are recorded as disbursements in the Capital Projects Fund at the time the invoice for the capital item is paid.

Compensated Absences

Vacation time, personal business days, and sick leave are considered as disbursements in the year paid. Such amounts unused that are vested in the employee are payable upon termination at varying rates depending on length of service.

Long-Term Debt

Long-term debt arising from cash transactions of the governmental funds is not reported in the government-wide financial statements or the fund financial statements, which is consistent with the modified cash basis of accounting. The debt proceeds are reported as other financing sources and payment of principal and interest are reported as disbursements.

Teachers' Salaries

The salary payment schedule of the District for the 2009-2010 school year requires the payment of salaries for a twelve-month period. Consequently, the July and August 2010, payroll checks are included in the financial statements as disbursements in the month of June. This practice has been consistently followed in previous years.

Pooled Cash and Cash Equivalents

Cash and cash equivalents of the individual funds are combined to form a pool of cash and cash equivalents, with the exception of the Debt Service Fund, which is kept in separate bank accounts. Cash equivalents of the pooled accounts consist primarily of money market accounts, carried at cost, which approximates market.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Inventories

Inventories are valued at cost and consist of food and educational materials. The cost is recorded as a disbursement at the time inventory is purchased.

Equity Classification

Equity is classified as net assets and displayed in two components:

- A. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- B. Unrestricted net assets – All other net assets that do not meet the definition of “restricted”.

It is the District’s policy to first use restricted net assets prior to the use of unrestricted net assets when disbursements are made for purposes for which both restricted and unrestricted net assets are available.

Program Receipts

In the Statement of Activities, receipts that are derived directly from each activity, or from parties outside the District’s taxpayers, are reported as program receipts. These include various grants from the State and Federal governments. All other governmental receipts are reported as general. All taxes are classified as general receipts even if restricted for a specific purpose.

NOTE B – CASH AND CASH EQUIVALENTS

State statutes require that the District’s deposits be insured or collateralized in the name of the District by the trust department of a bank that does not hold the collateralized deposits. As of June 30, 2010, all bank balances on deposit were entirely insured or collateralized with securities.

NOTE C – INVESTMENTS

Investments of the District as of June 30, 2010, are as follows:

| <u>Investment Type</u> | <u>Maturity</u> | <u>Amount</u> |
|---|-----------------|-------------------|
| Certificate of Deposit | 9/28/2010 | \$ 7,807 |
| Pro-rata share of investment contracts with Wells Fargo Bank through the Missouri School District Direct Deposit Program | N/A | 252,260 |
| Missouri Securities Investment Program - Cash Management Funds | N/A | <u>527,538</u> |
| | | <u>\$ 787,605</u> |

Certificates of Deposit

Certificates of Deposit with maturities in excess of three months are classified as investments, but are considered deposits for custodial risk determination. State statutes require that the District’s deposits be collateralized in the name of the District by the trust department of a bank that does not hold the collateralized deposits. As of June 30, 2010, all Certificates of Deposit are entirely insured or collateralized with securities.

Investment Contracts with Wells Fargo Bank

Funds on deposit with Wells Fargo Bank are invested in investment contracts in which the District has a pro-rata share of the investment contract. The investment contracts are in accordance with Section 165.051 and Section 360 of the Missouri Revised Statutes through the Missouri School District Direct Deposit Program. The investment contracts are with credit providers whose unsecured long-term debt is rated at the time of such agreement in either of the two highest rating categories by a nationally recognized rating service. Fair market value approximates cost.

Missouri Securities Investment Program

District funds in the Missouri Securities Investment Program are invested in cash management funds in which the District has a pro-rata share. The funds are invested in accordance with Section 165.051 of the Missouri Revised Statutes and the cash management fund has a current rating of AAAM. Fair market value approximates cost.

The District does not have a policy on interest rate risk.

NOTE D – TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and payable by December 31. The counties collect the property taxes and remit them to the District.

The District also receives sales tax collected by the State and remitted based on eligible pupils. The District is required to reduce its property tax levy by one-half the amount of sales tax estimated to be received in the subsequent calendar year unless the voters have approved a waiver of the rollback provision. The District has voted a full waiver of the rollback provision.

The assessed valuation of the tangible taxable property for the calendar year 2009 for purposes of local taxation was:

| | |
|--------------------------|-----------------------------|
| Real estate | \$ 40,311,904 |
| Personal property | <u>8,000,077</u> |
| TOTAL ASSESSED VALUATION | <u><u>\$ 48,311,981</u></u> |

The tax levy per \$100 of the assessed valuation of tangible property for the calendar year 2009 for purposes of local taxation was:

| | <u>Unadjusted</u> | <u>Adjusted</u> |
|-------------------|-------------------------|-------------------------|
| General Fund | \$ 4.0720 | \$ 4.0720 |
| Debt Service Fund | <u>1.3875</u> | <u>1.3875</u> |
| TOTAL LEVY | <u><u>\$ 5.4595</u></u> | <u><u>\$ 5.4595</u></u> |

The receipts of current and delinquent property taxes during the fiscal year ended June 30, 2010, aggregated approximately 100 percent of the current assessment computed on the basis of the levy as shown above.

NOTE E – RETIREMENT PLANS

The District contributed to the Public School Retirement System of Missouri (PSRS), a cost-sharing multiple-employer defined benefit pension plan. PSRS provides retirement and disability benefits to full-time (and certain part-time) certificated employees, and death benefits to members and beneficiaries. Positions covered by the Public School Retirement System are not covered by Social Security. PSRS benefit provisions are set forth in Chapter 169.010-.141 of the Missouri Revised Statutes (1986). The statutes assign responsibility for the administration of the system to a seven-member Board of Trustees. PSRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Public School Retirement System of Missouri, P.O. Box 268, Jefferson City, Missouri 65102, or by calling 1-800-392-6848.

PSRS members are required to contribute 13.5% of their annual covered salary and the District is required to contribute a matching amount. The contribution requirements of members and the District are established and may be amended by the PSRS Board of Trustees. The District's employer and employee contributions to PSRS for the years ended June 30, 2010, 2009, and 2008, were \$712,259, \$641,171, and \$594,721, respectively, equal to the required contributions.

The District also contributes to the Public Education Employee Retirement System of Missouri (PEERS), a cost-sharing multiple-employer defined benefit pension plan. PEERS provides retirement and disability benefits to employees of the district who work 20 or more hours per week and who do not contribute to the Public School Retirement System of Missouri. Positions covered by the Public Education Employee Retirement System are also covered by Social Security. Benefit provisions are set forth in Chapter 169.600 - .715 of the Missouri Revised Statutes. The statutes assign responsibility for the administration of the system to the Board of Trustees of the Public School Retirement System. PEERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Public Education Employee Retirement System of Missouri, P. O. Box 268, Jefferson City, Missouri 65102, or by calling 1-800-392-6848.

PEERS members are required to contribute 6.5% of their annual covered salary and the District is required to contribute a matching amount. The contribution requirements of members and the District are established and may be amended by the PSRS Board of Trustees. The Lone Jack C-6 School District's employer and employee contributions to PEERS for the years ended June 30, 2010, 2009, and 2008, were \$104,971, \$94,636, and \$86,735, respectively, equal to the required contributions.

NOTE F – LEASE PAYABLE

During 1996, the District entered into a lease agreement with MARE to provide funds for facility construction and renovations. The Series 1996 lease totaled \$525,000 with interest at 6.2%. The District granted a property lien to MARE, which will be released upon fulfillment by the District of the lease purchase agreement.

Although this agreement provides for cancellation of the lease at the District’s option at the renewal date each year, the District does not foresee exercising its option to cancel.

The following is a schedule of the future minimum lease payments under the lease:

| Year Ended June 30, | MARE Lease |
|-----------------------------------|------------------|
| 2011 | \$ 50,580 |
| 2012 | 47,790 |
| TOTAL MINIMUM LEASE PAYMENTS | 98,370 |

NOTE G – GENERAL OBLIGATION BONDS PAYABLE (continued)

Article VI, Section 26(b), Constitution of Missouri, limits the outstanding amount of authorized general obligation bonds of a district to 15 percent of the assessed valuation of the district. The legal debt margin of the District at June 30, 2010, was:

| | |
|---------------------------------------|----------------------------|
| Constitutional debt limit | \$ 7,246,797 |
| General obligation bonds payable | (6,325,000) |
| Amount available in Debt Service Fund | <u>540,367</u> |
| LEGAL DEBT MARGIN | <u><u>\$ 1,462,164</u></u> |

NOTE H – CLAIMS AND ADJUSTMENTS

The District participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Disbursements financed by grants are subject to audit by the appropriate grantor government. If disbursements are disallowed due to noncompliance with grant program regulation, the District may be required to reimburse the grantor government. As of June 30, 2010, disbursements have not been audited by grantor governments, but the District believes that disallowed disbursements, if any, based on subsequent audits, will not have a material effect on any of the individual government funds or the overall financial position of the District.

NOTE I – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has transferred its risk by obtaining coverage from commercial insurance companies. In addition, it has effectively managed risk through various employee education and prevention programs. There has been no significant reduction in insurance coverage from the previous year.

NOTE J – DNR ENERGY LOAN PAYABLE

During 2003, the District entered into a loan agreement with the Missouri Department of Natural Resources to finance energy saving improvements. The agreement calls for semi-annual payments of \$9,619, including interest at 3.2%, through August 1, 2010, and a final payment of \$9,127 on February 1, 2011.

The following is a schedule of future payments under the agreement:

| Year Ended June 30, | Principal | Interest | Total |
|------------------------|-----------|----------|-----------|
| 2011 | \$ 18,309 | \$ 437 | \$ 18,746 |

The following represents the changes in the loan payable for the year ended June 30, 2010:

| Loan Payable, June 30, 2010 | <u>\$ 18,309</u> |

NOTE K – COMPENSATED ABSENCES

Compensated absences payable consists of accumulated sick leave by District personnel. The District's policy allows certified and non-certified employees to be reimbursed for accumulated sick days earned after working for the District for at least five years. Non-certified employees will be paid \$10 per day, while certified employees will be paid \$20 per day, up to 45 days, and then \$45 per day for any days exceeding 45 days. The District will pay an employee upon retirement or resignation for each unused sick day accumulated. Total compensated absences payable at June 30, 2010, was \$12,513.

| Special Revenue Fund | <u>841,879</u> | <u>-</u> |
| | <u>\$ 841,879</u> | <u>\$ 841,879</u> |

The District is required to make a transfer from the General Fund to the Special Revenue Fund to cover the excess of disbursements over receipts each year.

NOTE M – POST EMPLOYMENT BENEFITS

In addition to the pension benefits described in Note E, the District makes available post-retirement healthcare benefits to all employees who retire from the District. Participation by retirees in the District health plan is subjected to terms and conditions set forth in the Board policy. The cost of the coverage is charged to the retiree at a blended rate for all employees. The District has not made a formal evaluation or projection on the future cost of the existing health care benefit plan in relation to retirees.

NOTE N – COMMITMENTS

At June 30, 2010, the District was committed to various vendors for a total of \$264,399 for work to be performed on the media center addition at the elementary building, and for the new administrative offices.

NOTE TO BUDGETARY COMPARISON SCHEDULES
June 30, 2010

Budgets and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) In accordance with Chapter 67, RSMo, the District adopts a budget for each fund.
- 2) Prior to July, the superintendent, who serves as the Budget Officer, submits to the Board of Education a proposed budget for the fiscal year beginning on the following July 1. The budget includes estimated receipts and proposed disbursements for all District funds. Budgeted disbursements cannot exceed beginning available monies plus estimated receipts for the year.
- 3) A public hearing is conducted to obtain taxpayer comments. Prior to its approval by the Board of Education, the budget document is available for public inspection.
- 4) Prior to July 1, the budget is legally enacted by a vote of the Board of Education.
- 5) Subsequent to its formal approval of the budget, the Board of Education has the authority to make necessary adjustments to the budget by formal vote of the board. Adjustments made during the year are reflected in the budget information included in the financial statements. Budgeted amounts are as originally adopted, or as amended by the Board of Education. Individual amendments were not material to the original appropriations, which were amended.
- 6) Budgets for District funds are prepared and adopted on the modified cash basis (budget basis).

**INDEPENDENT AUDITORS' REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Education
Lone Jack C-6 School District
Lone Jack, Missouri

We have audited the accompanying financial statements of the governmental activities and each major fund of Lone Jack C-6 School District as of and for the year ended June 30, 2010, which collectively comprise Lone Jack C-6 School District's basic financial statements, and have issued our report thereon dated October 14, 2010. In our report, our opinion was modified because the District prepares its financial statements on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Lone Jack C-6 School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

Board of Education
Lone Jack C-6 School District
Lone Jack, Missouri

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses. They are identified as items 10-1 and 10-2.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lone Jack C-6 School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we have reported to management of Lone Jack C-6 School District in a separate letter dated October 14, 2010.

The District's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the District's response and, accordingly, express no opinion on it.

This report is intended solely for the information and use of the Board of Education, management, and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON
COMPLIANCE WITH REQUIREMENTS THAT COULD
HAVE A DIRECT AND MATERIAL EFFECT ON EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Board of Education
Lone Jack C-6 School District
Lone Jack, Missouri

Compliance

We have audited the compliance of the Lone Jack C-6 School District with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Lone Jack C-6 School District's major federal programs for the year ended June 30, 2010. The Lone Jack C-6 School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Lone Jack C-6 School District's management. Our responsibility is to express an opinion on the Lone Jack C-6 School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Lone Jack C-6 School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Lone Jack C-6 School District's compliance with those requirements.

In our opinion, the Lone Jack C-6 School District complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The management of the Lone Jack C-6 School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Lone Jack C-6 School District's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Education, management, and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

1. The Schedule of Expenditures of Federal Awards is presented using the modified cash basis of accounting, which is described in Note A to the District's basic financial statements.
2. Commodities received and expended were valued by the Food Service Section of the Department of Elementary and Secondary Education.
3. The District received \$34,800 for ARRA Government Services, Recovery Act (CFDA 84.397) for reimbursement of amounts expended in fiscal year ended June 30, 2009. Since these expenditures were subsequently identified as federal expenditures, they have been appropriately reported on this schedule for the year ended June 30, 2010.

SUMMARY SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended June 30, 2010

A. SUMMARY OF AUDIT RESULTS

1. The auditors' report expresses an unqualified opinion on the basic financial statements presented on the modified cash basis of accounting.
2. Deficiencies disclosed during the audit of the financial statements are reported in the Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. The deficiencies are reported as material weaknesses.
3. No instances of noncompliance material to the basic financial statements were disclosed during the audit.
4. No significant deficiencies were disclosed during the audit of major federal award programs.
5. The auditors' report on compliance for the major federal award programs expresses an unqualified opinion.
6. There were no findings required to be reported in accordance with Section 510(a) of OMB Circular A-133.
7. The programs tested as major programs were:

| | |
|---|-----------------|
| Child Nutrition Cluster | 10.553 & 10.555 |
| State Fiscal Stabilization Fund Cluster | 84.394 & 84.397 |
8. The threshold between Type A programs and Type B programs was \$300,000.
9. The Lone Jack C-6 School District was not determined to be a low-risk auditee.

B. FINDINGS - FINANCIAL STATEMENTS AUDIT

MATERIAL WEAKNESSES

10-1 Segregation of duties

Condition: Because of a limited number of available personnel, it is not always possible to adequately segregate certain incompatible duties so that no one employee has access to both physical assets and the related accounting records, or to all phases of a transaction. The District currently has one full time bookkeeper to handle the accounting needs of the District. There are some mitigating controls in place but it is not possible to have segregation in all areas.

SUMMARY SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2010

B. FINDINGS - FINANCIAL STATEMENTS AUDIT (continued)

Criteria: Duties should be segregated so that no one employee has access to both physical assets and the related accounting records, or to all phases of a transaction.

Effect: Risk is present that errors or irregularities in amounts that would be material to the basic financial statements may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Recommendation: We realize that because of limited resources and personnel, management may not be able to achieve a proper segregation of duties; however, our professional standards require that we bring this lack of segregation of duties to your attention in this report.

Response: The limited number of available personnel prohibits segregation of incompatible duties and the District does not have the resources to hire additional accounting personnel.

10-2 Design of internal control system for preparation of financial statements

Condition: The District has personnel in place to perform all bookkeeping functions necessary to maintain a general ledger and prepare internal use statements for management and the Board of Education. However, the District does not have accounting professionals with the knowledge, experience, and training to prepare governmental financial statements in conformity with Governmental Accounting Standards as part of their internal control system.

Criteria: A properly designed system of internal control, which includes preparation of financial statements in conformity with Governmental Accounting Standards, includes having accounting professionals as part of the system to perform that function.

Effect: The District employs the auditors that perform the annual audit of the financial statements to prepare the annual financial statements.

Recommendation: We recognize that the District may not have the resources to have an accounting professional with the knowledge, experience, and training to prepare governmental financial statements in conformity with Governmental Accounting Standards. However, we recommend that management continue to increase their knowledge of financial reporting.

Response: The District does not have the resources to hire additional accounting personnel with the knowledge, experience, and training solely to prepare governmental financial statements in conformity with Governmental Accounting Standards. The District does have personnel with sufficient knowledge to understand and take responsibility for the financial statements.

**INDEPENDENT AUDITORS' REPORT
ON SUPPLEMENTARY STATE INFORMATION**

Board of Education
Lone Jack C-6 School District
Lone Jack, Missouri

We have audited the basic financial statements of the Lone Jack C-6 School District, Lone Jack, Missouri, for the year ended June 30, 2010, and have issued our report thereon dated October 14, 2010. Our audit of such basic financial statements was made in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards* and the standards for financial and compliance audits issued by the Missouri Department of Elementary and Secondary Education and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lone Jack C-6 School District's basic financial statements. The accompanying Supplementary State Information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information in this section has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**INDEPENDENT AUDITORS' REPORT ON
COMPLIANCE WITH CERTAIN LAWS AND
REGULATIONS SPECIFIED BY MISSOURI STATUTE**

Board of Education
Lone Jack C-6 School District
Lone Jack, Missouri

We have audited the basic financial statements of the Lone Jack C-6 School District, Lone Jack, Missouri, as of and for the year ended June 30, 2010, and have issued our report thereon dated October 14, 2010.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, grant agreements and other matters applicable to the District is the responsibility of the District's management. As required by statutes of the State of Missouri, we have performed auditing procedures to test compliance with the requirements governing budgets (Chapter 67, RSMo) and the methods of maintaining pupil attendance and school transportation records (Chapter 165.121.3(7), RSMo).

In our opinion, the District's budgetary and disbursement procedures were in compliance with the budgetary statute (Chapter 67, RSMo). It is further our opinion that the pupil attendance and school transportation records were maintained as to accurately disclose, in all material respects, the average daily attendance, resident membership on the last Wednesday of September, average number of students scheduled to be transported, and mileage and allowable cost for school transportation in compliance with Missouri law and administrative rules.

This report is intended solely for the information and use of the District's management, the Board of Education, and the Missouri Department of Elementary and Secondary Education and is not intended to be, and should not be, used by anyone other than these specified parties.
