Board of Education Lone Jack C-6 School District Lone Jack, Missouri

#### **Report on the Financial Statements**

We have audited the basic financial statements of the governmental activities and each major fund of the Lone Jack C-6 School District as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities and each major fund of Lone Jack C-6 School District as of June 30, 2021, and the respective changes in modified cash basis financial position thereof for the year then ended, in conformity with the modified cash basis of accounting described in Note 1.

#### **Basis of Accounting**

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

#### **Disclaimer of Opinion on Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The budgetary comparison information, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

#### Other Financial Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lone Jack C-6 School District's basic financial statements. The data contained under Other Financial Information, is presented for purposes of additional analysis and is not a required part of the financial statements.

The Other Financial Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

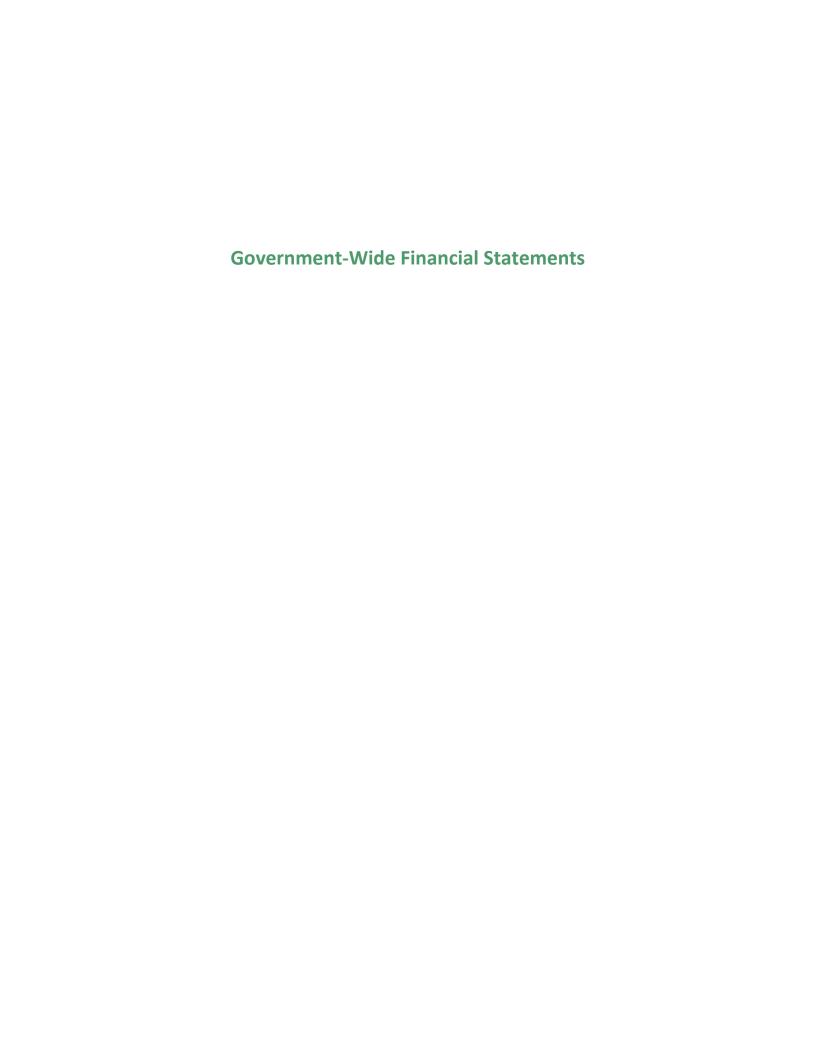

In accordance with *Government Auditing Standards*, we have also issued our report dated December 3, 2021, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Notes to the Financial Statements

June 30, 2021

#### 1. Summary of Significant Accounting Policies

The District's accounting policies conform to the modified cash basis of accounting, which is characteristic of local governmental units of this type.

#### **Financial Reporting Entity**

The District is organized under the laws of the State of Missouri and is a primary government governed by an elected seven-member board. The District is not financially accountable for any other organization, nor is it a component unit of any other primary governmental entity.

#### **Basis of Presentation**

#### Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity. The statements present governmental activities generally financed through taxes, intergovernmental receipts, and other non-exchange transactions

#### **Fund Financial Statements**

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, fund equity, receipts, and disbursements. The District has governmental funds only. The governmental funds of the District are all considered major funds by the Department of Elementary and Secondary Education.

The funds presented in the accompanying basic financial statements include all funds established under Missouri Revised Statutes and controlled by the Board of Education. The purpose of each fund is:

General Fund: Accounts for disbursements for non-certified employees, school transportation costs, operation of plant, fringe benefits, student body activities, community services, the food service program, and any disbursements not accounted for in other funds.

Special Revenue Fund: Accounts for receipts for certified employees involved in administration and instruction, and includes receipts restricted by the State for the payment of teacher salaries and taxes allocated to this fund based on the District's tax levy.

*Debt Service Fund*: Accounts for receipts restricted, committed, or assigned for the retirement of principal and interest on the District's long-term debt.

Capital Projects Fund: Accounts for taxes and other receipts restricted, committed, or assigned for acquisition or construction of major capital assets and other capital outlay as defined by State of Missouri statutes.

Notes to the Financial Statements

June 30, 2021

#### **Basis of Accounting**

The government-wide Statement of Net Position, Statement of Activities, and the fund financial statements are presented using the modified cash basis of accounting. This basis recognizes assets, net position/fund equity, receipts, and disbursements when they result from cash transactions. The modification to the cash basis of accounting relates to the presentation of investments. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenditures (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

If the District used the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

#### **Capital Outlay**

General fixed assets are recorded as disbursements in the Capital Projects Fund at the time the invoice for the capital item is paid.

#### **Compensated Absences**

Vacation time, personal business days, and sick leave are considered as disbursements in the year paid. Such amounts unused that are vested in the employee are payable upon termination at varying rates depending on length of service.

#### **Long-Term Debt**

Long-term debt arising from cash transactions of the governmental funds is not reported in the government-wide financial statements or the fund financial statements, which is consistent with the modified cash basis of accounting. The debt proceeds are reported as other financing sources and payment of principal and interest are reported as disbursements.

#### **Teachers' Salaries**

The salary payment schedule of the District for the 2020-2021 school year requires the payment of salaries for a twelve-month period. Consequently, the July and August 2021 payroll checks are included in the financial statements as disbursements in the month of June. This practice has been consistently followed in previous years.

#### **Pooled Cash and Investments**

Cash and investments of the individual funds are combined to form a pool of cash and investments, with the exception of the Debt Service Fund which is kept in separate bank accounts. Cash equivalents and investments of the pooled accounts consist primarily of money market accounts and Certificates of Deposit, carried at cost, which approximates market.

#### **Inventories**

Inventories are valued at cost and consist of food and educational materials. The cost is recorded as a disbursement at the time inventory is purchased.

Notes to the Financial Statements

June 30, 2021

#### **Equity Classification**

In the government-wide financial statements, net position is classified in two components as follows:

Restricted net position: Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted net position: All other net position that does not meet the definition of "restricted."

It is the District's policy to first use restricted net position prior to the use of unrestricted net position when disbursements are made for purposes for which both restricted and unrestricted net position are available.

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on constraints imposed on the use of these resources as follows:

Nonspendable fund balance: This classification includes amounts that cannot be spent because they are either a) not in spendable form or b) legally or contractually required to be maintained intact.

Restricted fund balance: This classification reflects the constraints imposed on resources either a) externally by creditors, grantors, contributors, or laws and regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance: These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the Board of Education – the government's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the Board of Education removes the specified use by taking the same type of action imposing the commitment.

Assigned fund balance: This classification reflects the amounts constrained by the District's "intent" to be used for specific purposes but are neither restricted nor committed. Assigned fund balances include all remaining amounts (except negative balances) that are reported in the governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

*Unassigned fund balance*: This fund balance is the residual classification for the General Fund. It is used to report negative fund balances in other governmental funds.

In circumstances when a disbursement is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned.

#### **Program Receipts**

In the Statement of Activities, receipts that are derived directly from each activity, or from parties outside the District's taxpayers, are reported as program receipts. These include various grants from the state and federal governments. All other governmental receipts are reported as general. All taxes are classified as general receipts, even if restricted for a specific purpose.

Notes to the Financial Statements

June 30, 2021

#### 2. Cash & Cash Equivalents

State statutes require that the District's deposits be insured or collateralized in the name of the District by the trust department of a bank that does not hold the collateralized deposits. As of June 30, 2021, all bank balances on deposit were insured or collateralized with securities.

#### 3. Investments

Investments of the District as of June 30, 2021, are as follows:

Investment Type	Maturity	 Amount
Certificates of Deposit	9/28/2021	\$ 7,807
Pro-rata shares of investment contracts with BOK Financial	N/A	611,761
Missouri Securities Investment Program (MOSIP) - Cash Management Funds	N/A	 267,540
Total Investments		\$ 887,108

#### **Certificates of Deposit**

Certificates of Deposit with maturities in excess of three months are classified as investments but are considered deposits for custodial risk determination. State statutes require that the District's deposits be collateralized in the name of the District by the trust department of a bank that does not hold the collateralized deposits. As of June 30, 2021, all Certificates of Deposit are entirely insured or collateralized with securities.

#### **Investment Contracts with BOK Financial**

Funds on deposit with BOK Financial are invested in investment contracts in which the District has a pro-rata share of the investment contract. The investment contracts are in accordance with Section 165.051 and Section 360 of the Missouri Revised Statutes through the Missouri School District Direct Deposit Program. The investment contracts are with credit providers whose unsecured long-term debt is rated at the time of such agreement in either of the two highest rating categories by a nationally recognized rating service.

#### **Missouri Securities Investment Program**

District funds in the Missouri Securities Investment Program are invested in cash management funds in which the District has a pro-rata share. The funds are invested in accordance with Section 165.051 and Section 360 of the Missouri Revised Statutes and the cash management fund has a current rating of AAA by Standards and Poor.

The District does not have a policy on interest rate risk.

Notes to the Financial Statements

June 30, 2021

#### 4. Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and payable by December 31. The counties collect the property taxes and remit them to the District.

The District also receives sales tax collected by the State and remitted based on eligible pupils. The District is required to reduce its property tax levy by one-half the amount of sales tax estimated to be received in the subsequent calendar year unless the voters have approved a waiver of the rollback provision. The District has voted a full waiver of the rollback provision.

The assessed valuation of the tangible taxable property for the calendar year 2020 for purposes of local taxation was:

Real estate	\$ 59,585,086
Personal property	 12,261,527
Total Assessed Valuation	\$ 71,846,613

The tax levy per \$100 of the assessed valuation of tangible property for the calendar year 2020 for purposes of local taxation was:

	Un	adjusted	Adjusted		
General Fund	\$	3.4737	\$	3.4737	
Debt Service Fund		1.8747		1.8747	
Total Levy	\$	5.3484	\$	5.3484	

The receipts of current and delinquent property taxes during the fiscal year ended June 30, 2021, aggregated approximately 99 percent of the current assessment computed on the basis of the levy as shown above.

#### 5. Retirement Plans

#### Public School Retirement System of Missouri and Public Education Employee Retirement System of Missouri

Summary of Significant Accounting Policies

The District participates in the Public School Retirement System and the Public Education Employee Retirement System (PSRS and PEERS, also referred to as the Systems). The financial statements of the District were prepared using the modified cash basis of accounting. Therefore, member and employer contributions are recognized when paid and the District's net pension liability, deferred outflows and inflows of resources related to pensions are not recorded in these financial statements.

Plan Description. PSRS is a mandatory cost-sharing multiple employer retirement system for all full-time certificated employees and certain part-time certificated employees of all public school districts in Missouri (except the school districts of St. Louis and Kansas City) and all public community colleges. PSRS also includes certificated employees of the Systems, Missouri State Teachers' Association, Missouri State High School Activities Association, and certain employees of the State of Missouri who elected to remain covered by PSRS under legislation enacted in 1986, 1987 and 1989. The majority of

Notes to the Financial Statements

June 30, 2021

PSRS members are exempt from Social Security contributions. In some instances, positions may be determined not to be exempt from Social Security contributions.

Any PSRS member who is required to contribute to Social Security comes under the requirements of Sections 169.070 (9) RSMo, known as the "two-thirds statute." PSRS members required to contribute to Social Security are required to contribute two-thirds of the approved PSRS contribution rate and their employer is required to match the contribution. The members' benefits are further calculated at two-thirds the normal benefit amount.

Plan Description. PEERS is a mandatory cost-sharing multiple employer retirement system for all non-certificated public school district employees (except the school districts of St. Louis and Kansas City), employees of the Missouri Association of School Administrators, and community college employees (except the Community College of St. Louis). Employees of covered districts who work 20 or more hours per week on a regular basis and who are not contributing members of PSRS must contribute to PEERS. Employees of the Systems who do not hold Missouri educator certificates also contribute to PEERS. PEERS was established as a trust fund by an Act of the Missouri General Assembly effective October 13, 1965. Statutes governing the System are found in Sections 169.600 - 169.715 and Sections 169.560 - 169.595 RSMo. The statutes place responsibility for the operation of PEERS on the Board of Trustees of PSRS.

Benefits Provided. PSRS is a defined benefit plan providing retirement, disability, and death/survivor benefits. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 2.5% benefit factor. Beginning July 1, 2001, and ending July 1, 2014, a 2.55% benefit factor was used to calculate benefits for members who had 31 or more years of service at retirement. Actuarially age-reduced benefits are available for members with 5 to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

Benefits Provided. PEERS is a defined benefit plan providing retirement, disability, and death benefits to its members. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 1.61% benefit factor. Members qualifying for "Rule of 80" or "30-and-out" are entitled to an additional temporary benefit until reaching minimum Social Security age (currently age 62), which is calculated using a 0.8% benefit factor. Actuarially age-reduced retirement benefits are available with 5 to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

Cost-of-Living Adjustments (COLA). The Board of Trustees has established a policy of providing a 0.00% COLA for years in which the CPI increases between 0.00% and 2.00%, a 2.00% COLA for years in which CPI increases between 2.00% and 5.00%, and a COLA of 5.00% if the CPI is greater than 5.00%. If the CPI decreases, no COLA is provided. For any PSRS member retiring on or after July 1, 2001, such adjustments commence on the second January after commencement of

Notes to the Financial Statements

June 30, 2021

benefits and occur annually thereafter. For PEERS members, such adjustments commence on the fourth January after commencement of benefits and occur annually thereafter. The total of such increases may not exceed 80% of the original benefit for any member.

Contributions. PSRS members were required to contribute 14.5% of their annual covered salary during fiscal year 2021. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 1% of pay.

Contributions. PEERS members were required to contribute 6.86% of their annual covered salary during fiscal year 2021. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 0.5% of pay.

The District's contributions to PSRS and PEERS were \$507,370 and \$63,752, respectively, for the year ended June 30, 2021.

Summary Plan descriptions detailing the provisions of the plans as well as additional information regarding the District's net pension liability and deferred inflows and outflows of resources can be found on the Systems' website at www.psrspeers.org.

The interest and principal accumulation deposits on the Series 2009 QSCB issue will be intercepted under the Missouri Direct Deposit Program guidelines. The principal accumulation intercepts of various amounts per year which began on September 15, 2018, are intercepted by DESE over a ten-month period. On September 15 of each year, those funds are to be transferred to UMB Bank and deposited in the principal account of the bond fund. On September 15, 2024, the principal accumulation deposits will pay off \$1,100,000 Series 2009 QSCB issue in full. As of June 30, 2021, the total sinking fund at UMB Bank was \$607,093.

Notes to the Financial Statements

June 30, 2021

Article VI, Section 26(b), Constitution of Missouri, limits the outstanding amount of authorized general obligation bonds of a district to 15 percent of the assessed valuation of the district. The legal debt margin of the District at June 30, 2021, was:

Constitutional debt limit	\$ 10,776,992
General obligation bonds payable	(10,760,000)
Amount available in Debt Service Fund	2,324,888
Legal Debt Margin	\$ 2,341,880

#### 7. Lease Payable

Leases payable at June 30, 2021, consist of:

\$109,586 lease purchase agreement for various computer equipment dated July 15, 2019, due in monthly installments through July 2023; interest at 5.25%.

\$ 35,564

The lease is considered direct borrowing. Although the agreement provides for cancellation of the lease at the District's option at the renewal dates, the District does not foresee exercising its option to cancel. If the District elects to cancel the lease, the remaining principal becomes due in full or collateral securing the lease is transferred to the lender.

The following represents the changes in the net lease payments for the year ended June 30, 2021:

	 Total

#### 8. Claims & Adjustments

The District participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Disbursements financed by grants are subject to audit by the appropriate grantor government. If disbursements are disallowed due to noncompliance with grant program regulation, the District may be required to reimburse the grantor government. As of June 30, 2021, disbursements have not been audited by grantor governments, but the District believes that disallowed disbursements, if any, based on subsequent audits, will not have a material effect on any of the individual government funds or the overall financial position of the District.

#### 9. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has transferred its risk by obtaining coverage from commercial insurance companies. In addition, it has effectively managed risk through various employee education and prevention programs. There has been no significant reduction in insurance coverage from the previous year.

#### 10. Compensated Absences

Compensated absences payable consists of accumulated paid leave by District personnel. The District's policy allows certified and non-certified employees to be reimbursed for accumulated paid time off after working for the District for at least five years. Non-certified employees will be paid \$50 per day, up to 45 days, while certified employees will be paid \$85 per day, up to 85 days. Annually, for any days exceeding 85 days, certified employees are paid \$95 per day. The District will pay an employee upon retirement or resignation for accumulated paid time off. Total compensated absences payable at June 30, 2021, was \$146,195.

#### 11. Interfund Transfers

Interfund transfers for the year ended June 30, 2021, consisted of the following:

	Trans	Transfers In		nsfers Out
General Fund	\$	-	\$	826,931
Special Revenue Fund		758,198		-
Capital Projects Fund		68,733		-
	\$	826,931	\$	826,931

The District is required to make a transfer from the General Fund to the Special Revenue Fund to cover the excess of disbursements over receipts, if applicable, each year. The District makes allowed transfers from the General Fund to the Capital Projects fund to cover disbursements and build balances as allowed by State law.

Notes to the Financial Statements

June 30, 2021

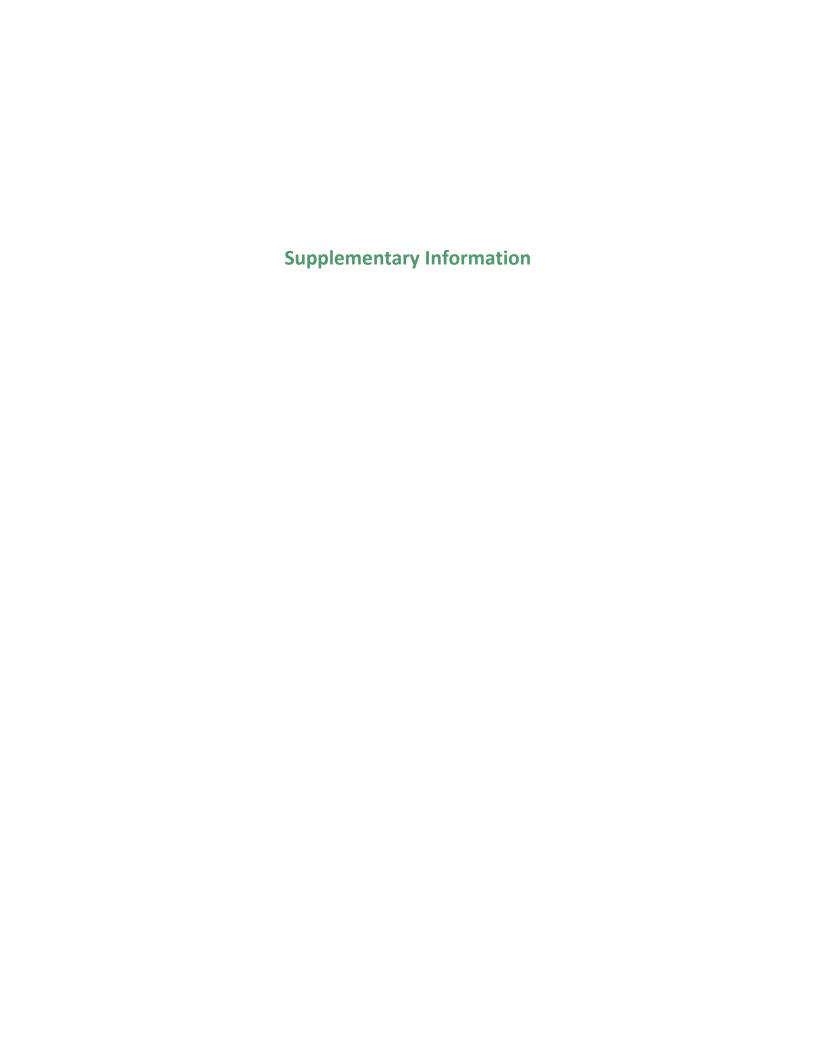

## 12. Post-Employment Benefits

In addition to the pension benefits described in Note 5, the District makes available post-retirement healthcare benefits to all employees who retire from the District. Participation by retirees in the District health plan is subjected to terms and conditions set forth in the Board policy. The cost of the coverage is charged to the retiree at a blended rate for all employees. The District has not made a formal evaluation or projection on the future cost of the existing health care benefit plan in relation to retirees.

Notes to the Budgetary Comparison Schedules

June 30, 2021

#### **Budgets and Budgetary Accounting**

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. In accordance with Chapter 67, RSMo, the District adopts a budget for each fund.
- 2. Prior to July, the superintendent, who serves as the Budget Officer, submits to the Board of Education a proposed budget for the fiscal year beginning on the following July 1. The budget includes estimated receipts and proposed disbursements for all District funds. Budgeted disbursements cannot exceed beginning available monies plus estimated receipts for the year.
- 3. A public hearing is conducted to obtain taxpayer comments. Prior to its approval by the Board of Education, the budget document is available for public inspection.
- 4. Prior to July 1, the budget is legally enacted by a vote of the Board of Education.
- 5. Subsequent to its formal approval of the budget, the Board of Education has the authority to make necessary adjustments to the budget by formal vote of the Board. Adjustments made during the year are reflected in the budget information included in the financial statements. Budgeted amounts are as originally adopted, or as amended by the Board of Education. Individual amendments were not material to the original appropriations, which were amended.
- 6. Budgets for District funds are prepared and adopted on the modified cash basis (budget basis).

# Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Education Lone Jack C-6 School District Lone Jack, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Lone Jack C-6 School District as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Lone Jack C-6 School District's basic financial statements and have issued our report thereon dated December 3, 2021.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Lone Jack C-6 School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Responses as item 2021-001, that we consider to be a material weakness.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Lone Jack C-6 School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Response to Findings**

The District's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### **Material Weakness**

#### 2021-001 Segregation of duties

Condition: Because of a limited number of available personnel, it is not always possible to adequately segregate certain incompatible duties so that no one employee has access to both physical assets and the related accounting records, or to all phases of a transaction. The District currently has one full-time bookkeeper to handle the accounting needs of the District. There are some mitigating controls in place, but it is not possible to have segregation in all areas.

*Criteria*: Duties should be segregated so that no one employee has access to both physical assets and the related accounting records, or to all phases of a transaction.

Effect: Risk is present that errors or irregularities in amounts that would be material to the basic financial statements may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Recommendation: We realize that because of limited resources and personnel, management may not be able to achieve a proper segregation of duties; however, our professional standards require that we bring this lack of segregation of duties to your attention in this report.

*Response*: The limited number of available personnel prohibits segregation of incompatible duties and the District does not have the resources to hire additional accounting personnel.

# Independent Accountants' Report on Management's Assertions about Compliance with **Specified Requirements of Missouri Laws and Regulations**

Board of Education Lone Jack C-6 School District Lone Jack, Missouri

We have examined management's assertions that Lone Jack C-6 School District complied with the requirements of Missouri laws and regulations regarding budgetary and disbursement procedures; accurate disclosure of the District's attendance records of average daily attendance, standard day length, resident membership on the last Wednesday of September, pupil transportation records of the average daily transportation of pupils eligible and ineligible for state aid, the number of miles eligible and ineligible for state aid and other statutory requirements as listed in the schedule of selected statistics during the year ended June 30, 2021. Lone Jack C-6 School District's management is responsible for its assertions. Our responsibility is to express an opinion on management's assertions based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertions are fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertions. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertions, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, management's assertions referred to above are fairly stated, in all material respects.

This report is intended solely for the information and use of the Board of Education, District management, and the Missouri Department of Elementary and Secondary Education and is not intended to be, and should not be, used by anyone other than these specified parties.
